Vice-President for Academic Affairs

**Subject: EXTENSION OF THE DEADLINE FOR SUBMISSION OF APPLICATIONS  
TO THE SCIENCE PRODUCTIVITY SYSTEM (SPS) BATCH 2021-2023**

---

In light of the recent surge in cases of COVID-19 and the government's heightened restrictions in place, which caused another shift in the work arrangements in the Constituent Universities, we are extending the deadline for the submission of applications (new and renewal) to the Science Productivity System (SPS) Batch 2021-2023 to **31 January 2022**. This extension will give our faculty sufficient time to complete their applications, secure the necessary endorsements from their respective units, and allow your Offices to review the completeness of the applications.

Thank you. Stay healthy and safe.
